NEWS LETTER JULY 2008

Issue 5

Innovation, Design, Development, Manufacture.

Beldam Crossley Ltd was formed in 1988 by the merger of two long established companies, Beldam Packing & Rubber Company Ltd (circa 1876) and Crossley (Packings) Ltd (circa 1917).

UK Market Leader!

The company is now one of the world's foremost manufacturers and suppliers of quality sealing materials and is recognised as the UK market leader. Each operation is separately qualified and accredited to ISO 9000 quality standard with a strong culture of continuous improvement.

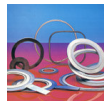

The product range includes high performance sheet jointing, pump and valve gland packing, gaskets, PTFE and thermal protection products.

Our Expertise-For over 100 years Beldam Crossley has been at the fore front of Industrial Sealing Technology with innovative products,

progressive ideas and investment in state of the art production plant and equipment. Today, the quest for innovation continues: our products incorporate the very latest and most scientifically advanced polymers, fibres and fillers. This enables us to offer solutions for the most technically demanding challenges

Our Products Today we service customers in all industrial sectors including, Marine, Chemical, Petrochemical, Refining, Pharmaceutical, Food, Beverage, Paper, OEM, Automotive, Construction, Utilities, Power generation, Aerospace, Mining, Steel, Aluminium and Defence. Our product range includes Pilot® brand braided packing and jointing, throughout the world.

Geographically Beldam Crossley markets extend worldwide.
