NEWS LETTER APRIL 2009

COMPLETE COVERAGE

With the introduction of our comprehensive Power Transmission range, Gympie Bearing Supplies add a dimension to the needs of Local industry. Gympie Bearings now offers your total Bearing and Power Transmission solution.

With the infrastructure and the resources to source from around the world, our commitment to supply superior quality power transmission products is second to no one.

With such names as Falk, Martin, Tsubaki, MAV, Motovario, & Gates just to name a hand full.

We offer all your Power Transmission needs.

ENGINE COMPONENTS

Gympie Bearings has had a long association with some of Australia's largest Engine parts suppliers. We are able to supply such brands as ACL, MAHLE, CROW and YELLOW TERRA just to name a few.

We can supply anything from Full Rebuild kits, Pistons, Gasket Kits, Water Pumps to Cams.

SERVICING YOUR NEEDS

Gympie Bearings pride ourselves on offering a complete package.

Emergency Service : We offer a 24 Hour 7 days a week break down service. If we don't have the parts in stock. We can source it from anywhere in Australia and have on your doorstep within several hours. This service is not free but we can certainly keep your plant running.

Trade Nights : Gympie Bearings is able to offer your business a complete and up to date service. We can conduct regular trade nights introducing the latest products and release of our ever expanding range.

Plant Surveys : Gympie Bearings will carry out on-site surveys of your machinery systems and inventories, compiling a comprehensive survey manual and cost benefit analysis.

Which in turn will allow your business to carry and plan necessary stock to keep your plant running.

On-Site Training : Gympie Bearings along with our supply network are able to offer your staff training on installation, use and management of supplied products. This training can be provided as a structured program to suit individual needs. We can Taylor a program to suit your plant and your needs.

Technical Support : We can offer your business technical support as we have skilled engineers available to assist design

ROD ENDS
