LANOTEC

Gympie Bearing Supplies have been associated with "LANOTEC" since the product come on the market in 1998. They produce Lanolin-Based products for industrial and domestic use.

Lanotec offers a range of products that are biodegradable, non-carcinogenic and non-toxic and is the largest producer on lanolin-based products in Australia.

Lanotec is a proud supporter of local farmers, purchasing 100% of their crude lanolin from Australian scourers.

PRODUCTS

General Purpose Liquid Lanolin :- For general lubrication & corrosion protection of automotive, electrical, sporting & gardening equipment.

Heavy Duty Liquid Lanolin :- For use in harsh & corrosive environments where extra protection is required. HD contains 40% more lanolin.

Type A Grease :- A multi purpose type "A" grease food grade approved. An excellent lubricant, water, salt & acid resistant.

Timber Seal :- Perfect for protecting and rejuvenating timbers.

Release Agent :- A formwork release agent when mixed @ 6:1 & a lubricant for jacks & fitting when mixed @ 4:1.

Citra-Force :- A powerful, natural, biodegradable, citrus based cleaner and degreaser.

U P :- Ultimate corrosion protection in highly corrosive environments.
