## NEWS LETTER OCTOBER 2009

# GATES

### "GATES TIMING BELTS"

GATES is the largest global manufacturer of Synchronous and Power transmission belting. As a leading supplier to Original Equipment Manufacturers (OEMs).

GATES is the only manufacturer approved by virtually every worldwide OEM to provide belts for new engines.

GATES provides the widest, most comprehensive and up to date product range, so by choosing GATES TIMING BELTS you are choosing only the best.

### "GATES RACING TIMING BELTS"

GATES Racing Belts have been specially designed for high output and high RPM performance tuning applications.

These belts are constructed with a high strength glass tensile cord to increase its performance and reliability.

The belt's heat resistant elastomer gives increased protection against cracking, and a specifically modified jacket material gives the belt increased tooth strength.

## DID YOU KNOW?

GBS's Timing Tensioner kits ONLY contain GATES timing belts.

GATES timing belts are used and recommended by OEM worldwide.

We are able to supply the original GATES timing belt or the HIGH PERFORMANCE belt for such cars as WRX, Skyline and Silvia's.

## CIRCLIPS

We are able to supply all your CIRCLIP needs with the backing of one Australia's largest suppliers and stockist. We are able to supply all your requirements of automotive and industrial CIRCLIPS.

Our supplier sells over 40 Million pieces (50 Tonnes) of fasteners to Australian industry every year.

We are able to supply all types of CIRCLIPS including Disc Springs, Spiral Rings, Wave Rings, E clips, Inverted & Toothed Clips.

Also we can supply you with all your tool needs to install CIRCLIPS.

Ask about our quality CIRCLIP PLIER KITS.

## O-RINGS

To match the diversity of our Bearing and Seal range, GBS O-ring range is also outstanding. We are able to supply O-rings, O-ring cord and also sheet for almost any application, in metric and imperial sizes.

We can also supply your O-ring kit needs including most materials like D70, D90, Teflon, Silicone and Viton to name a few.
